

**ARIZONA STATE SENATE**  
*Fifty-Fifth Legislature, First Regular Session*

**AMENDED**  
FACT SHEET FOR S.B. 1410

appropriation; new facility; Kirkland elementary

Purpose

Appropriates \$3,000,000 from the state General Fund (state GF) in FY 2022 to the School Facilities Board (SFB) to distribute to the Kirkland Elementary School District to replace an existing school building.

Background

The SFB is composed of nine gubernatorial appointments and the Superintendent of Public Instruction. The SFB must assess school facilities and equipment deficiencies to distribute grants for building repairs and renovations in addition to inspecting school buildings to ensure compliance with building adequacy standards and preventive maintenance guidelines ([A.R.S. § 15-2002](#)).

The SFB administers the New School Facilities Fund (NSF Fund), the Building Renewal Grant Fund (BRG Fund) and the Emergency Deficiencies Correction Fund to provide capital funding for K-12 school districts. The NSF Fund consists of legislative appropriations and monies received from the lease of state public school land for public education purposes. Monies in the NSF Fund provide K-12 school districts funding to purchase land and construct new school facilities to accommodate student enrollment growth. The BRG Fund consists of legislative appropriations, and monies in the BRG Fund are distributed to school districts for maintaining the adequacy of existing school facilities (A.R.S. §§ [15-2032](#) and [15-2041](#)).

Kirkland Elementary School District is in the unincorporated community of Kirkland. Kirkland is located in Central Yavapai County and is southwest of the City of Prescott ([ADOT Maps](#)).
